marin county food system assessment project

Community Network Registry

Thanks for taking the time to help the Assessment Team identify who is doing what in Marin around the topic of food and community food security. Please provide all relevant information so we can keep you and your organization up to date with events and activities as they unfold.

1. **AREAS OF INTEREST** Given the wide range of "stakeholder interest" around the subject of food and its impacts on our community and environment, briefly list your group's area of activity.

2. **ASSIST THE FOOD SYSTEM ASSESSMENT** Would your group like to host an evening meeting - participate in a focus group - help with research - offer a mailing list to get out the message? What would your group like to do for the project? Ideas and/or suggestions gladly accepted.
